

Front desk station

Focus on delighting your residents,
not managing visitors or deliveries.

REDUCE OPERATING COSTS:

- Reduce shifts for less-trafficked hours such as overnight.
- Improve operations by empowering staff to be more efficient.
- Eliminate unnecessary in-unit hardware and wiring; all calls to residents are made to their mobile device.

VISITOR MANAGEMENT:

- Easily manage visitors through software installed on your internet-connected computer.
- Toggle between multiple properties from a single Front Desk Station
- Enable couriers to make deliveries without staff involvement.
- Assign unique delivery PINs to UPS, FedEx, and USPS.

AUDIT TRAILS & REPORTING:

- Review all visitor entries and deliveries made for 365 days.
- See and talk to visitors and guests through live video.
- Capture time- and date-stamped photos of all door & gate releases.

NO SMARTPHONE NEEDED

Residents without smartphones receive a standard phone call. They can still review door releases and create virtual keys online.

ELEVATOR CONTROLS

Connect your key-fobbed elevators so property staff can unlock your elevator for residents, visitors, and service providers.

FIND US IN ALL 50 STATES!

We're installed in more than 20,000 buildings nationwide, including those developed, owned, and managed by:

LENNAR  **BOZZUTO**

 **Equity Residential**
