

Smart and Simple Access for Gated Communities

Secure, convenient, and affordable gate access from a smartphone.

DEVELOPERS & OWNERS:

- Cut installation costs by eliminating in-unit wiring and hardware
- Easy to install and retrofit with just three connections: power, internet, and the gate
- Maximize NOI with an in-demand amenity

PROPERTY MANAGERS:

- Manage resident permissions from a web-based dashboard
- Review time- and date-stamped photos of all gate entries
- Connect to your PMS for automatic tenant directory updates
- Integrate delivery PINs so your tenants never miss a delivery

RESIDENTS:

- Open the gate and manage access from anywhere
- Video chat with visitors before granting access
- Send virtual keys for one-time or recurring guest access
- Ditch annoying remotes, keycards, and fobs

NO SMARTPHONE NEEDED

Residents without smartphones receive a standard phone call and can dial '9' to grant access.

VIRTUAL KEYS

Create and send recurring or one-time virtual keys for easy guest access. Perfect for house cleaners, dog walkers, and other service providers.

NEVER MISS A DELIVERY

Assign a unique delivery PIN to each carrier for seamless access. Couriers without a PIN can call residents to ensure every delivery.

ELIMINATE FOBS & KEYCARDS

No more frustrating remotes, fobs, or keycards. Instead, residents and guests use their smartphones to access your gated community.
