

# Front desk station

Focus on delighting your residents,  
not managing visitors or deliveries.

## REDUCE OPERATING COSTS:

- Reduce shifts for low-traffic hours such as overnight.
- Improve operations by empowering staff to be more efficient.
- Eliminate unnecessary in-unit hardware and wiring; all calls to residents are made to their mobile devices.

## VISITOR MANAGEMENT:

- Easily manage visitors through software installed on your internet-connected computer.
- Enable couriers to make deliveries without staff involvement.
- Assign unique delivery PINs to UPS, FedEx, and USPS.

## AUDIT TRAILS & REPORTING:

- Review all visitor entries and deliveries made for 365 days.
- See and talk to visitors and guests through live video.
- Capture time- and date-stamped photos of all door & gate releases.

## NO SMARTPHONE NEEDED

Residents without smartphones receive a standard phone call. They can still review door releases and create virtual keys online.

## VIRTUAL KEYS

Create and send recurring or one-time virtual keys for easy guest access. Perfect for house cleaners, dog walkers, and other service providers.

## NEVER MISS A DELIVERY

Assign unique delivery PINs to each carrier for seamless access. Couriers without a PIN can call residents to ensure every delivery.

## ELEVATOR CONTROLS

Connect your key-fobbed elevators so property staff can temporarily unlock your elevator for residents, visitors, and service providers.

## FIND US IN ALL 50 STATES!

We're installed in more than 10,000 buildings nationwide, including those developed, owned, and managed by:
