ButterflyMX

Front Desk Station

Focus on delighting your residents, not managing visitors or deliveries.

REDUCE OPERATING COSTS:

- Reduce shifts for less-trafficked hours such as overnight.

- Improve operations by empowering staff to be more efficent.

- Eliminate unnecessary in-unit hardware and wiring; all calls to residents are made to their mobile device.

VISITOR MANAGEMENT:

- Easily manage visitors through software installed on your internet-connected computer.

- Enable couriers to make deliveries without staff involvement.

- Assign unique delivery PINs to UPS, FedEx, and USPS.

AUDIT TRAILS & REPORTING:

- Review all visitor entries and deliveries made for 365 days.

- See and talk to visitors and guests through live video.

- Capture time- and date-stamped photos of all door & gate releases.

NO SMARTPHONE NEEDED

Residents without smartphones receive a standard phone call. They can still review door releases and create virtual keys online.

VISITOR PASS

Create and send recurring or one-time visitor passes for easy guest access. Perfect for house cleaners, dog walkers, and other service providers.

ELEVATOR CONTROLS

Connect your key-fobbed elevators so property staff can unlock your elevator for residents, visitors, and service providers.

NEVER MISS A DELIVERY

Assign unique delivery PINs to each carrier for seamless access. Couriers without a PIN can call residents to ensure every delivery.

FIND US IN ALL 50 STATES!

We're installed in more than 10,000 buildings nationwide including those developed, owned, and managed by:
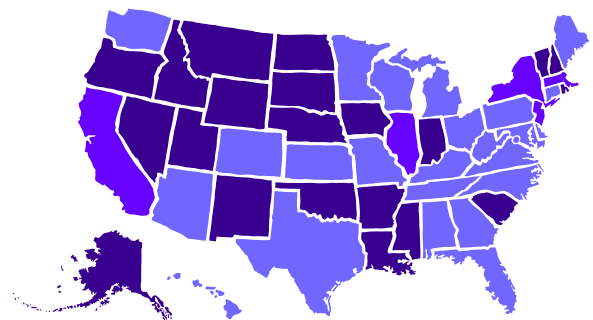

LENNAR® **BOZZUTO**

Equity Residential
