

The smart intercom

Secure, convenient, and affordable property access from a smartphone.

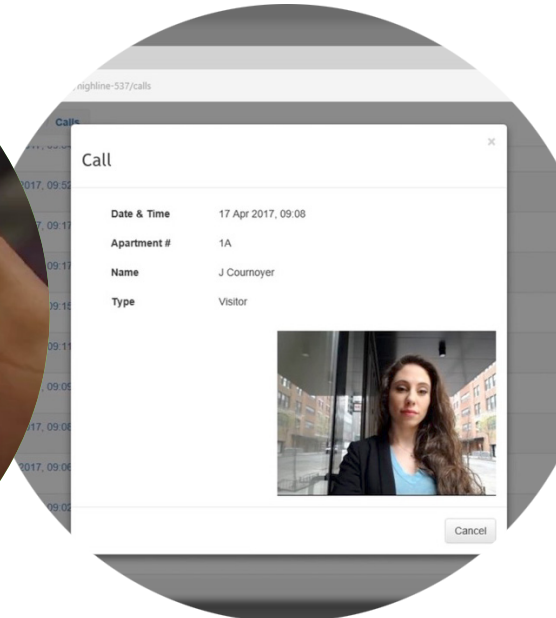

CALL

ANSWER

AUDIT

DEVELOPERS & OWNERS:

- Reduce installation costs by eliminating building wiring and in-unit hardware
- Easy to retrofit, only three wires: internet, power, and doorstrike
- Transform your property with the tech-forward amenity that modern residents really want

RESIDENTS:

- Open and manage doors from anywhere
- See and talk to visitors/guests with live video
- Issue virtual keys and entry PINs for seamless visitor entry
- Control key-fobbed elevators with ease

PROPERTY MANAGERS:

- Manage resident permissions from a web-based admin panel
- Review time- and date-stamped photos of all door entries
- Connect to your PMS for automatic tenant directory updates
- Assign unique delivery PINs to UPS, FedEx, and USPS

NO SMARTPHONE NEEDED

Residents without smartphones receive a standard phone call, and they can still review door releases and issue virtual keys/delivery PINs via their web account.

VIRTUAL KEYS

Virtual keys are QR codes that guests or visitors can scan at the intercom for managed property access. They are perfect for house cleaners, dog walkers, and other service providers.

NEVER MISS ANOTHER VISITOR

Even if a resident is unavailable, visitors can leave detailed voice and text messages through the intercom, which residents can review on their smartphone.

ELEVATOR CONTROLS

Key-fobbed elevators can be unlocked by both our intercom and our mobile app - creating a seamless building entry experience for guests and visitors.

MORE ABOUT BUTTERFLYMX

ButterflyMX, creator of the smart intercom, has developed the most secure and convenient building entry platform that tethers cloud-based software to intuitive touchscreen hardware. Our mission is to connect the wide variety of software-enabled services to residents inside a building. To date, ButterflyMX has facilitated more than ten million door release transactions and is installed in more than 2,500 properties around the world. ButterflyMX has been adopted in buildings developed, owned, and managed by the following companies: Trammell Crow Residential, Bozzuto, AvalonBay Communities, Douglaston Development, Roseland Residential Trust, Equity Residential, Silverstein Properties, Skanska, Rechler Equity Partners, Jamestown, Laramar, Lennar, PeakCampus, CA Student Living, American Campus Communities, Haven Campus Communities and Mill Creek Residential. The company is headquartered in New York City. For more information, visit butterflymx.com.
